Our Vision

Woldingham provides an outstanding education that empowers women to change the world.

Our Mission

Woldingham is a happy and successful school developing confident, compassionate and courageous young women.

1

Developing People

Woldingham is a strong, forward-thinking and active community where empowered students and staff thrive. Through their actions, students make a difference to the world.

At Woldingham we will:

Ensure the core Sacred Heart values are at the centre of our decisions in a community where kindness and authenticity are embedded.

Empower women to make a difference, now and in the future, by supporting a strong and active student voice.

Be at the forefront of wellbeing and resilience, and embed a culture of personal and professional development, where students and staff thrive.

Live as a generous and broad-minded community where awareness of and involvement in local, national and global issues are valued.

2

Developing Learning

Woldingham is at the forefront of girls' education. Our students' educational outcomes benefit from our enriching curriculum, which allows for a community of learning in its fullest sense, both in and out of the classroom.

At Woldingham we will:

Offer an education that is broad-minded and innovative, where a bold curriculum enables a truly holistic education.

Consistently deliver a value-added education, with high expectations for all in an appropriate atmosphere of stretch and challenge.

Be in the top 10% of independent schools nationally through consistent academic excellence and innovative teaching and learning.

Be 'busy in the classroom, busy outside the classroom' - we will embed opportunities for all with an original outdoor learning programme and an array of exciting activities.

3

Developing Ethos and Community

Woldingham treasures its Sacred Heart heritage, and our community lives through the words of St Madeleine Sophie Barat, “Your example even more than your words will be an eloquent lesson to the world.”

At Woldingham we will:

Develop confident, compassionate and courageous students and staff by living the five core Sacred Heart values and celebrating our Catholic heritage.

Live out our vision of empowering women to change the world.
